

BRAHAM FARM NR ELY - INFORMATION

Braham Farm is a 450 acre working arable farm. However, there are other activities too! There's a campsite, horse paddocks, scouts adventure equipment and of course fantastic areas for trials sections.

The terrain of the site is mostly set on river banks and ditches with a few trees also. There is a small ride between the first group of sections and the second. Things can get slippery if it's wet!

TRIAL FORMAT

The event starts at 10:30. Signing on from 9:30. Rider briefing at 10:25.

There will be 4 laps of 10 sections or 3 laps of 15. Sections will be closed for a lunch stop of about 30 – 40 mins about half way through.

DIRECTIONS

The farm is on the A10 between Ely (1 mile) and Cambridge (12 miles). Approaching from Cambridge the turning is 1 mile from Little Thetford village. The turning is on the right hand side, however, in busy periods it is recommended that visitors continue towards Ely and negotiate a roundabout returning to access the farm from the left. Once on the farm track, after about a quarter of a mile you will get to a farm, turn right between the farm buildings just before the farmhouse and follow the dabbers sign posts to the end of the track.
