

BRAHAM FARM NR ELY - INFORMATION

Braham Farm is a 450 acre working arable farm. However, there are other activities too! There's a campsite, horse paddocks, scouts adventure equipment and of course fantastic areas for trials sections.

The terrain of the site is mostly set on river banks and ditches with a few trees also. There is a small ride between the first group of sections and the second. Things can get a slippery if it's wet!

TRIAL FORMAT

The event starts at 10:30. Signing on from 9:30. Rider briefing at 10:25.

There will be 10 sections (usually), 2 laps to be ridden before a lunch break and 2 more laps after lunch. The afternoon sections will be different (often ridden in reverse direction).

DIRECTIONS

The farm is on the A10 between Ely (1 mile) and Cambridge (12 miles). Approaching from Cambridge the turning is 1 mile from Little Thetford village. The turning is on the right hand side, however, in busy periods it is recommended that visitors continue towards Ely and negotiate a roundabout returning to access the farm from the left. Once on the farm track, after about a quarter of a mile you will get to a farm, turn right between the farm buildings just before the farmhouse and follow the dabbers sign posts to the end of the track.
